	FIRE RATED TIME		PART 21 COMPLIANT

When a green lamp code is shown next to an item (e.g. **BUL-E27-LED-I6**) this indicates low energy compatibility and the relevant LED lamp code.

**LARGE DECORATIVE 12–94**

large and statement lights, some with matching items

**CRYSTAL & GLASS 95–156**

from luxury chandeliers to neat fitting bedroom flushes

**RANGES & LOW CEILING 157–198**

product families and low profile fittings

**ARMED FITTINGS 199–222**

classic to contemporary multi armed pendants

**CONTEMPORARY 223–252**

including shaded pendants with matching wall and table lamps - ideal for hospitality spaces

**CLUSTER PENDANTS 253–276**

statement multi drop pendants, perfect for stairwells or dining tables

**PENDANTS & BAR PENDANTS 277–344**

suspended ceiling lights and bar pendants, some with matching items

**LANTERNS 345–356**

lantern-style indoor pendants, ideal for hallways and living areas

**FLUSHES 357–406**

shallow profile fittings, ideal for low ceilings and walkways

**BATHROOM LIGHTS 407–438**

ceiling and wall fittings suitable for the bathroom

**SPOTLIGHTS 439–448**

adjustable spotlights which can be wall or ceiling mounted

**WALL LIGHTS 449–482**

stylish and versatile wall lights, suitable for all locations

**OUTDOOR LIGHTS 483–506**

lights suitable for outdoor use, from traditional to modern

**RECHARGEABLE LAMPS 507–516**

a brand new range of rechargeable and easy to install wall and table lamps

**TABLE & FLOOR LIGHTS 517–646**

lamps for all rooms including task and decorative, some with matching items

**SHADES 647–658**

a selection of fabric shades in a variety of materials and colour ways

**LAMPS (LIGHT BULBS) 659–667**

our own collection of high quality LED and halogen lamps

**INDEX 668–688**

a visual technical index followed by a complete alphabetical index

## Flourish with Florals

Nature has always been the ultimate source of inspiration. This design trend brings the beauty of outdoors into your home. Each floral element is painstakingly soldered before being brushed by hand.

# Texture & Form

It's all about texture and form with this year's table lamps. Manufactured in ceramic with hand applied leaf and petal details, these creative and sculptural bases can be enjoyed both lit and unlit.

MYL4229 Myla Table Lamp p535

LOR4239 Lorelai Table Lamp p537

## Reeded Glass

The reeded glass trend goes from strength to strength. Combined with dark metals for an industrial look or finished in colour for a fun, fresh look. It feels modern and retro at the same time.

• 150cm suspension wire

## SWASH SELECT PENDANTS

A system of two impressive statement pendants and one flush fitting with a choice of four colours of metallic swirls. The twelve light pendant requires three packs of swirls, the nine light pendant requires two and the flush requires one. By combining the swirls, a choice of solid, two-tone and even tri-tone combinations can be created. To order, simply choose your frame colour, plus the appropriate quantity of swirls.

BATHROOM

The following information is a guide to help you understand which fittings can be placed where. This is not an installation guide and reference should be made to the **IEE Wiring Regulations (18th Edition)** or a qualified electrician.

Firstly it is important to understand the rating by which bathroom and some outdoor lights are classified.

IP rating stands for “Ingress Protection” and is always followed by two characters. These two numbers refer to the level of protection, and it is important that you choose fittings with the correct rating according to where they are to be sited within the bathroom.

The diagram below shows a bathroom split into three clear zones: 0, 1 & 2.

**Zone 0** is inside the bath or shower itself. Any fitting used in this zone must be low voltage (max 12V) and be rated at least IP67 which is immersion proof.

**Zone 1** is the area above the bath to a height of 2.25m from the floor. In this zone a minimum rating of IP44 is required.

**Zone 2** is an area stretching 0.6m outside the perimeter of the bath and to a height of 2.25m\* from the floor. In this zone an IP rating of at least IP44 is required.

**The lighting circuit within a bathroom should be protected with a 30ma residual current device (RCD).**

In addition, it is good practice to consider the area around a wash basin, within a 60cm radius of any tap, to be considered as Zone 2.

\* In accordance with advice from the Lighting Industry Association the location above Zone 1 (over the bath or shower) up to a ceiling height of 3m continues to be classified as Zone 2.

**0**  
ZONE

Within the bath or shower tray. All lights fitted within this area must be IP68 rated and low voltage.

**1**  
ZONE

Above the bath or shower to a height of 2.25m. All lights fitted within this area must be a minimum of IP44 rated. IP44 is suitable where there is no shower head above the bath. IP65 is required if there is a shower head or demountable shower hand fitting in use.

**2**  
ZONE

0.6m outside of zone 1 and a 60cm radius above washstands. All lights fitted within this area should be a minimum of IP44 unless there is a danger of direct jet spray, in which case an IP65 rating is required.

WALL LIGHTS

A photograph of a wall-mounted lamp with a blue and white patterned shade. The lamp is mounted on a yellow wall. In the foreground, there is a table with a vase of flowers, a stack of books, and a striped blanket. The text "TAKE ME ANYWHERE! rechargeable wall lights" is overlaid on the image.

## TAKE ME ANYWHERE! rechargeable wall lights

---

- fast USB-C charging
- up to 8 hours of continuous light
- easy install with a single screw
- 3 stage dimmer with ambient mode
- compatible with any E14/B22 shade
  - for indoor/dry use only

CREATE YOUR OWN STYLE

- Virgil • charge by USB-C and light for up to 8 hours • 3 stage dimming  
• takes any E14 or B22 shade • indoor/dry use only

A table lamp with a blue and white patterned shade and a brass base is the central focus. The lamp is illuminated, casting a warm glow. It sits on a white table next to a plate of bread, a bowl of butter, and a small bowl of jam. The background is a patterned wall with green and white geometric designs.

# THE LED LAMP EVOLVED

## ULTRA CLEAR

lead-free glass envelope  
for maximum light  
transmission

## 360° UNIFORM LIGHT

no more shadows  
projected onto your  
lampshade or wall

## 90 CRI

cutting-edge technology  
for enhanced colour  
rendering

## SUPER SLIM FILAMENT

that feels more  
like a traditional  
lamp when lit

## WHITE FILAMENT

for a more neutral look  
when unlit compared to  
its orange predecessor

## A RANGE OF CAP TYPES

available in E27, B22  
and E14 fitting options to  
cater to most standard  
home light fittings
